## HST-RLS-1

### New Features

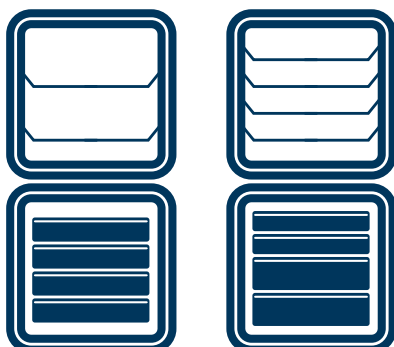

Ventilation

System cooling fans

Thermostat for controlling the fans  
Even when the shutter is closed,  
sufficient ventilation of the entire system

- Pull-out shelves, storage shelves and drawers with plenty of space for charging stations, tools, batteries and accessories.  
Up to 4 x HST-MV3-04 and 4 x HST-MV3-02 can be housed in the charger cabinet (24 charging slots).
- All drawers are equipped with anti-skip mats  
They ensure the tools are properly held in place when opening and closing the drawers.

- System cabinet combinations can be customized to achieve maximum efficiency.  
Depending on the tool used, the cabinets are configured accordingly.  
Thus, when using HST-MV3-04W charger stations (cube-shaped), the upper cabinet is only equipped with 2 pull-out shelves. When using HST-MV3-04 (series format), the blinds cabinet is equipped with up to 4 shelves.

Other configurations upon request.
